

Acknowledgments

The idea for this book comes from a series of ice coffees and ice teas at numerous Dean and DeLuca's near Rockefeller Center. Together we discussed how to create a book to fill a void in the marketplace. What you have in your hands is the result of many hours of work, many ice coffees and ice teas, and countless hours' research, writing, and interviewing.

This book would not have been possible without the fine efforts of our trusted colleagues Erik Buischi and Jacqueline Oring Rockman. We both are eternally grateful for their hard work and effort. We also thank the people at John Wiley & Sons including, but not limited to, Jennifer MacDonald and Pamela van Giessen.

With the understanding, insight, support, and love of our families this book became a reality. With their encouragement and motivation, this book was completed. With their inspiration, we just might try it again.
